Dr. E. Chargaff  
Department of Biochemistry  
College of Physicians and Surgeons  
630 West 168th Street  
New York 32, New York

Dear Dr. Chargaff:

We were ready to send the symposium program to the printer when I realized that we had not received the title of your paper. Can you send it to me by return mail, please, so that we may complete the program; it has already been considerably delayed while we waited for the titles of foreign contributors. Thank you very much.

Sincerely yours,

M. Demerec
